

WHAT TO DO IF CARBON MONOXIDE IS DETECTED. Continued

DANGER! Actualities of your CO Alarm indicate the presence of carbon monoxide (CO) and can kill you or other words. If you smell gas or suspect CO, leave the house immediately. Call your local emergency services. You must not ignore it.

IF THE CO ALARM SOUNDS:

1. Detale the Test/Silence button.
2. POWER LIGHT GREEN/CO ALARM LIGHT (RED)
3. IMMEDIATELY move to air-outdoors or by an open door or window until the emergency services responder has arrived or in its normal condition.
4. After following steps 1-3, if a second alarm continues within 24 hour period repeat steps 1-3 and call a qualified specialist equipment and appliances and request for inspection and removal if problems identified during the inspection equipment not inspected by fire technician and contact the manufacturer for more information.
5. If a second alarm continues after step 4, contact the manufacturer directly.
6. If a second alarm continues after step 5, do not ignore it. Check to see if any vehicle may have not been operating in the garage or if any other source of CO is present.
7. If a second alarm continues after step 6, write down the number of a qualified applicator or technician.

HOW YOUR SMOKE/CO ALARM WORKS

THE COVER OF YOUR SMOKE/CO ALARM

WHAT YOU WILL SEE AND HEAR WITH THIS ALARM

Under Normal Operations

Horn: 3 beeps every minute

Power/Smoke LED: Constant Green

CO LED: Off

When Test The Alarm

Horn: 3 beeps, pause, 3 beeps

Power/Smoke LED: Turns On

Power/Smoke LED: Sync with the horn pattern

If Battery Becomes Low or is Missing

Horn: 4 beeps

Power/Smoke LED: Green LED

CO LED: Off

When the End of Life

Horn: 5 chirps every minute

Power/Smoke LED: Green LED

CO LED: Off

Alarm is reached its End of Life

Horn: 3 beeps, pause, 3 beeps

Power/Smoke LED: Green LED

CO LED: Off

Alarm is detected

Horn: 4 beeps, pause, 4 beeps

Power/Smoke LED: On

CO LED: Off

Latching Feature (Malefunction Signal)

Horn: 3 beeps every minute

Power/Smoke LED: Green LED

CO LED: Off

When the Silence Feature

Horn: 3 beeps, pause, 3 beeps

Power/Smoke LED: Green LED

CO LED: Off

When the Silence Feature

Horn: 3 beeps, pause, 3 beeps
